PROFESSIONAL SUMMARY

User Support Specialist with over 3 years of experience supporting users on fintech, crypto, and digital payment platforms. Highly proficient in written English communication, empathetic customer support, issue investigation, and end-to-end case ownership. Strong analytical and reasoning skills, with a proven ability to identify recurring issues, document solutions, and provide actionable feedback to product and engineering teams. Committed to user satisfaction, continuous improvement, and cross-functional collaboration.

PROFESSIONAL EXPERIENCE

CUSTOMER SUPPORT SUPERVISOR

Roqqu – Crypto Exchange Platform | July 2024 – Present

- Manage and prioritize support tickets to consistently meet SLA targets in a high-volume environment.
- Investigate complex user issues related to wallets, transactions, deposits, withdrawals, and account access.
- Apply structured reasoning and root-cause analysis to resolve issues efficiently and prevent recurrence.
- Identify frequent user issues and share insights with Product and Engineering teams to improve usability.
- Review customer conversations and feedback to improve response quality and user satisfaction.
- Respond to user reviews and feedback, extracting insights to improve product features and support processes.
- Conduct quality assurance reviews and coach support agents on written communication standards and empathy.
- Ensure compliance with KYC, AML, and data protection requirements in all customer interactions.
- Contributed to internal FAQs, support notes, and knowledge base articles to increase team efficiency.
- Maintained high personal performance standards and took full ownership of complex cases, ensuring accurate and timely resolutions.

CUSTOMER SUPPORT TEAM LEAD

Roqqu | September 2023 – July 2024

- Improved first-contact resolution through refined workflows and escalation processes.
- Trained and onboarded new hires on product knowledge and troubleshooting best practices.

- Collaborated with product teams to document recurring issues and recommend improvements.

CUSTOMER SERVICE REPRESENTATIVE

Elatech Limited | March 2022 – August 2023

- Delivered real-time user support via live chat and email, resolving issues professionally and accurately.
- Maintained full ownership of customer cases from first contact through resolution.
- Identified recurring customer issues and escalated trends to management for service optimization.
- Maintained a calm, empathetic, and professional tone when handling dissatisfied or confused users.

SALES AND SUPPORT REPRESENTATIVE

Northwest Petroleum and Gas Company | June 2020 – March 2022

- Managed customer inquiries, service issues, and disputes.
- Maintained high levels of customer satisfaction in a fast-paced environment.
- Prepared reports on customer feedback and service trends.
